Q&A session

Separation

Targets separation of hotel and office during 2010

- **Main track is a demerger process with separate listings of the hotel and office businesses**
 - Both businesses are self contained and with critical mass
 - Key processes to secure a succesfull demerger include
 - Finalisation of bank processes to secure long term financing
 - Capital structure in the two new companies that secure the ability to capture the long term value in the portfolios
 - Strengthening Norgani with resources in key positions (Finance, Transactions and Board of Directors)
- **In parallel investigates a sale based on interest from potential buyers of the hotel business**
 - A sale of the hotel business must reflect the upside potential from expected market recovery going forward

Fully integrated property companies

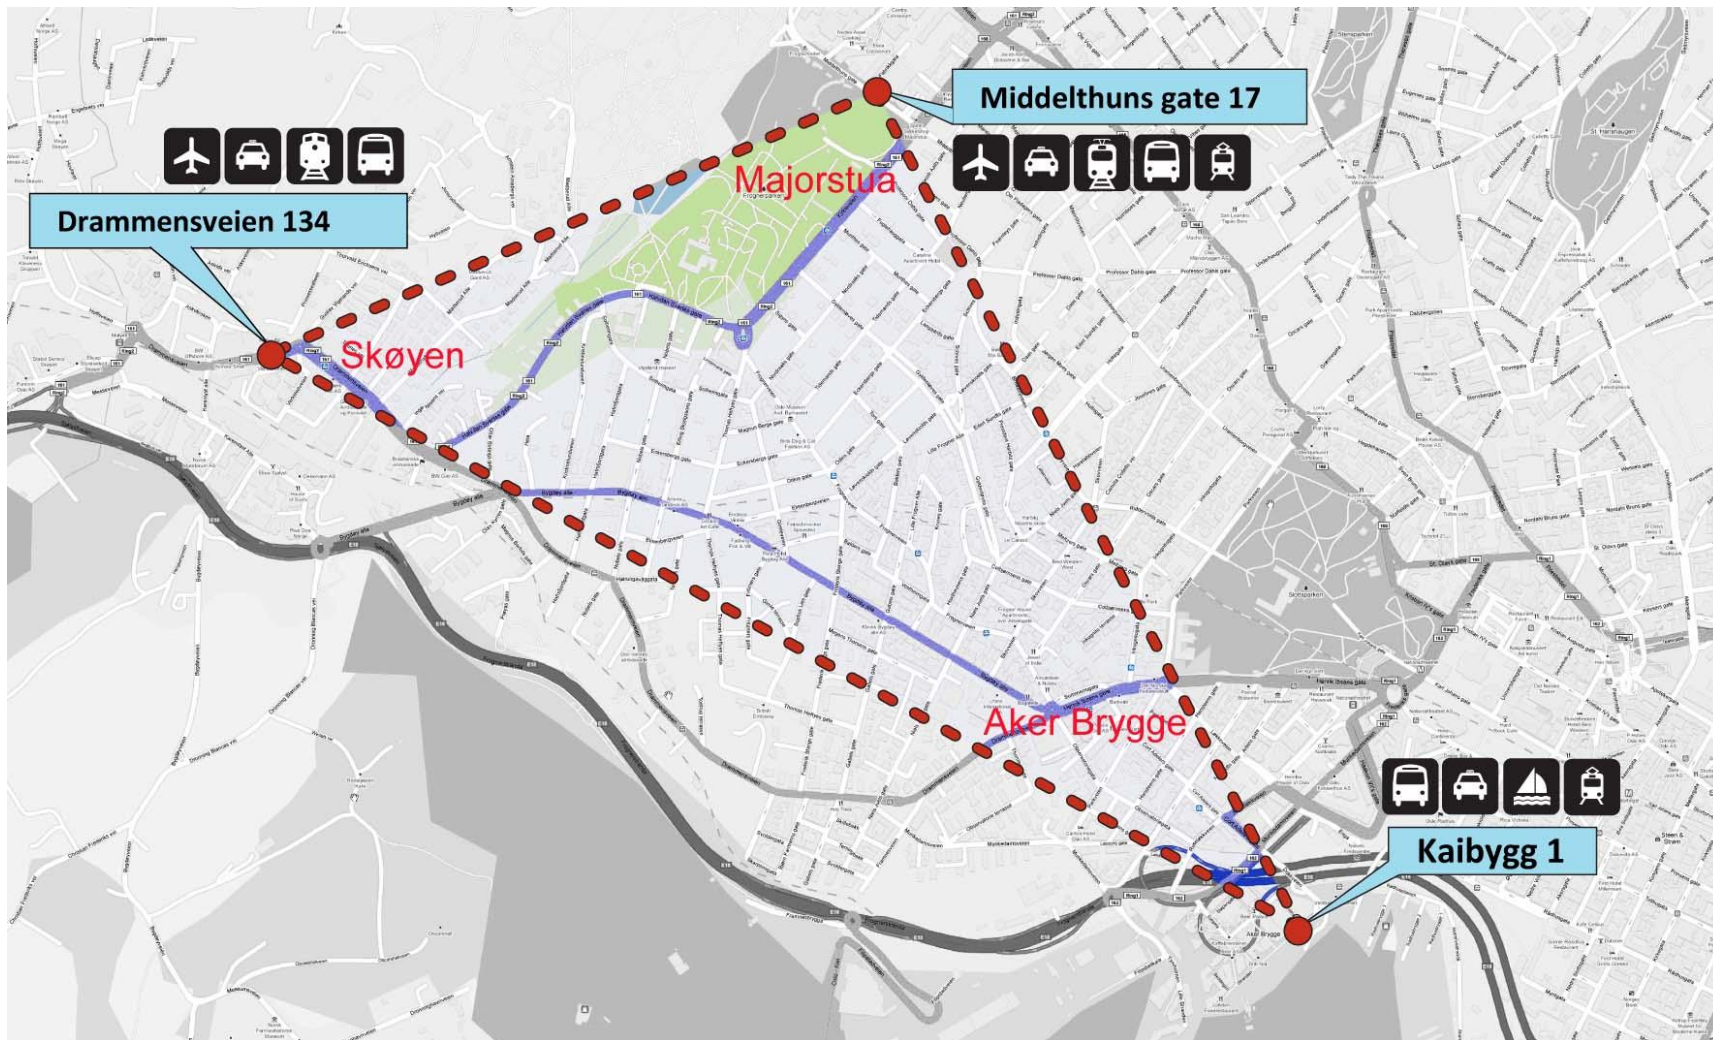

Office - insourcing and focus on development

- **Letting**
 - Focus on near and medium term renewals
 - 285 000 sqm in period 2010 to 2014
- **Property management**
 - **Insourcing property management** to secure quality and customer satisfaction
 - In process of building **inhouse organisation**
 - From 1 May 2011 NEAS is only managing Stavanger-portfolio
- **Development**
 - Focus on capturing value in **existing portfolio**
 - Establishing "working teams" with external competence (architects, project management, etc.)
- **Transactions and financing**
 - Long term target of reducing financial risk and increase financial flexibility

Norgani some steps ahead of office . . .

■ Property Management

- In house property management, both technical and commercial – “hands on” property operations
- Accounting and other support functions mainly out-sourced – high flexibility regarding changes in portfolio size

■ Development in existing portfolio

- In process
 - Quality Hotel Alexandra, Molde
- Major development projects under evaluation
 - Comfort Hotel Børsparken
 - Scandic Continental, Helsinki
 - First Hotel Royal Star, Älvsjö - Stockholm
 - Scandic KNA, Oslo

Reducing financial risk

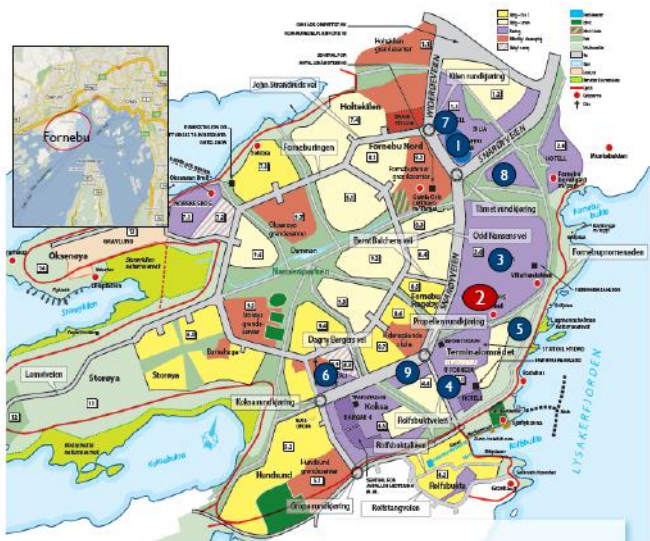

Strengthen financial platform; balance financial risk

- **LONG TERM target of reducing LTV to 60 – 65 percent**
 - December–09 77.7 percent
 - March–10 (proforma *) 73.5 percent
- **Continued operational improvement**
 - Average annual amortisation on debt 1.8 percent
 - Value increase from investments in portfolio and market recovery
- **Investments needed to capture value potential in portfolio (ref. Aker Brygge etc.)**
- **Asset rotation**
 - Sell "mature properties" - proceeds to be used for investments in current portfolio and reduction of debt
 - In process of mandating broker for the sale of Aker Hus

Strategy for value creation

Possible sale of Aker Hus at Fornebu

- **Aker Hus**
 - Long triple-net contract with solid tenant, 9 year weighted duration
 - New building (2007) in excellent technical condition
 - Low risk and low yield property with limited development potential in the short term
 - Currently large market appetite for this type of property
 - Gross annual rent NOK 83.4 million
- **Reallocate financial resources to properties where value creation potential is larger**
