

NPRO's strategy for environment and social responsibility consists of a main ambition, and strategic targets within four main areas

Value base built on 4 core values:

COLLABORATIVE

Open and inclusive
Generous and available
Personal commitment

COURAGEOUS

Think innovatively
Ambitious
Challenge established truths

PROACTIVE

Overcome problems before they arise
Seek and see new opportunities
Present new ideas

ATTENTIVE

Create and retain relationships
Do what we promise

Ambition

NPRO is one of Norway's leading companies to create sustainable growth, a better society and lower consumption of resources through focusing on overall solutions and future-oriented use of architecture, aesthetics, technology and materials.

Strategic goals 2017-2021

Strategic targets and main strategies

Resources

- 30-50 % reduction in energy consumption from total rehabilitation of buildings
- 5-10 % reduced consumption in the existing portfolio
- 10-20 % cut in carbon emissions
- 60-65 % waste sorting in the buildings
- 5 % reduction in water consumption

Tenants and market

- Strengthen reputation
- Tenant satisfaction index for environmental image and social responsibility exceeding 70 (Norwegian Lessee Index)
- Proactive collaboration with tenants
- No personal injuries in areas which NPRO is responsible for

Stakeholders and society

- Forward-looking local development
- Active participation in industry associations
- Encourage and contribute to good transport solutions

Employees and suppliers

- No breaches of ethical guidelines
- Develop relevant environmental expertise
- Responsible supplier / contractor management
